Pupil Premium Report 2016-2017: Financial Aspects

There are currently 20 pupils eligible for the additional pupil premium funding. Details of the pupils is shown in the table below. What is somewhat confusing is that the pupils listed are the pupils eligible in the previous academic year. The best explanation for this is available on the “key” website.

Which year's pupils are included in the download?

One school leader asked us why the data for pupils eligible for the pupil premium on the Key to Success website reflects the previous year's cohort.

The DfE representative explained that, since the pupil premium is calculated and allocated based on the financial year rather than the academic year, the data is not updated in September.

The downloads are usually made available in July, reflecting the census data from the previous January. The list is updated annually, rather than termly, as the pupil premium allocations are updated annually.

In the financial and academic year 2015-2016 the academy received £18,700. Estimates for pupil premium in 2017 – 2018 can be made when the January 2017 pupil premium census is prepared and submitted.
