

Chapter 2: Separation techniques

2.1	Mixtures	78	2.5	Evaporation and distillation	86
2.2	Solutions	80	2.6	Chromatography	88
2.3	Solubility	82	2.7	C2 Chapter 2 Summary	90
2.4	Filtration	84			

Chapter 4: The Earth

4.1	The Earth and its atmosphere	110	4.5	The carbon cycle	118
4.2	Sedimentary rocks	112	4.6	Climate change	120
4.3	Igneous and metamorphic rocks	114	4.7	Recycling	122
4.4	The rock cycle	116	4.8	C2 Chapter 4 Summary	124

Chapter 3: Motion and pressure

3.1	Speed	98	3.5	Pressure on solids	106
3.2	Motion graphs	100	3.6	Turning forces	108
3.3	Pressure in gases	102	3.7	P2 Chapter 3 Summary	110
3.4	Pressure in liquids	104			

Biology B2

Biology B2 Unit Opener

58

Chapter 1: Health and lifestyle

1.1	Nutrients	60	1.6	Drugs	70
1.2	Food tests	62	1.7	Alcohol	72
1.3	Unhealthy diet	64	1.8	Smoking	74
1.4	Digestive system	66	1.9	B2 Chapter 1 Summary	76
1.5	Bacteria and enzymes in digestion	68			

Chapter 3: Adaptation and inheritance

3.1	Competition and adaptation	98	3.5	Inheritance	106
3.2	Adapting to change	100	3.6	Natural selection	108
3.3	Variation	102	3.7	Extinction	110
3.4	Continuous and discontinuous variation	104	3.8	B2 Chapter 3 Summary	112
