This Safeguarding & Child Protection Policy is available on the school website, and is reviewed and ratified annually by the governing body/board of trustees or as events, or legislation requires. Any deficiencies or weaknesses identified will be remedied without delay.

Part 1 of this policy is for all staff and governors.

Parts 2 and 3 are principally for use by Designated Safeguarding Staff, lead governors and senior leadership teams.

Part 2 of this policy document has a suite of model pro-forma for schools to adapt to support their own in-house safeguarding arrangements. Please delete any pro-formas that are not relevant and add any that are bespoke to your own school safeguarding arrangements.

Part 3 of this policy outlines locally agreed Leeds Children’s Safeguarding Partnership referral pathways and protocols, and must be adhered to by all staff who have specific named responsibility for child protection (designated safeguarding leads and deputy safeguarding leads).

Academic year	Designated Safeguarding Lead	Deputy Designated Safeguarding Lead/s	Nominated Governor	Chair of Governors
2018-19	Mrs Tracy Smith	Daliah Aibi	Jason Broch	Dan Cohen

Part One: Policy for schools

1. Aims

1.1 The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

1.2 The Governing Body and staff of The Leeds Jewish Free School (hereinafter referred to as "the school") take as our first priority the responsibility to safeguard and promote the welfare of our pupils, to minimise risk and to work together with other agencies to ensure rigorous arrangements are in place within our school to identify, assess and support those children who are suffering harm and to keep them safe and secure whilst in our care.

1.3 The responsibilities set out in this policy apply (as appropriate) to all members of the school community including pupils, staff, governors, visitors/contractors, volunteers and trainees working within the school. It is fully incorporated into the whole school ethos and is underpinned throughout the teaching of the curriculum, within PSHE and within the safety of the physical environment provided for the pupils.

2. Legislation and statutory guidance

2.1 This policy is based on the Department for Education's statutory guidance, [Keeping Children Safe in Education \(KCSIE\) 2018](#) and [Working Together to Safeguard Children \(WTTSC 2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the procedures set out by our Local Safeguarding Children partnership.

2.2 This policy is also based on the following legislation:

Part 3 of the schedule to the [Education \(Independent School Standards\) Regulations 2014](#), which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school

[The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children

Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

[Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

[The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children

Statutory [Guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

Guidance for safer working practice for those working with children and young people in education settings (GSPW) (Safer Recruitment Consortium October 2015)

LSCP Procedures

Children Missing Education – Statutory guidance for local authorities (DfE September 2016)

The policy conforms to locally agreed inter-agency procedures and has been ratified by the LSCP Education Reference Group. It is available to all interested parties on our website and on request from the main school office. It should be read in conjunction with other relevant policies and procedures and KCSiE.

This policy also complies with our funding agreement and articles of association.

3. Definitions

3.1 Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

3.2 Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

3.3 Appendix 1 explains the different types and indicators of abuse.

3.4 Children includes everyone under the age of 18.

4. Equality statement

4.1 Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

4.2 We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation

- Are asylum seekers

5. Roles and responsibilities

5.1 Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff (including those not directly employed by the school), volunteers, and governors in the school. Our policy and procedures also apply to extended school and off-site activities.

5.2 All staff

5.2.1 All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

5.2.2 All staff will be aware of:

- Our systems which support safeguarding, including Guidance for Safer Working Practice, the role of the designated safeguarding lead (DSL), the behaviour policy, and the safeguarding response to children who go missing from education
- The early help process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social work service (CSWS) and for statutory assessments that may follow a referral, including the role they might be expected to play.
- Fig 1: **Summary of in-school procedures to follow where there are concerns about a child** (Page 9) illustrates the procedure to follow if you have concerns about a child's welfare. Wherever possible, speak to the DSL, deputy DSL or head teacher (in the absence of a DSL) first to agree a course of action. In the absence of a DSL or head teacher being available, staff must not delay in directly contacting children's social work duty and advice team or the police if they believe a child is at immediate risk of significant harm.
- We work in partnership with other agencies in the best interests of the children. Requests for service to CSWS should (wherever possible) be made by the Safeguarding Designated Staff, to the CSWS advice and duty team (0113 3760336). Where a child already has a child protection social worker, the school will immediately contact the social worker involved or in their absence, the team manager of the child protection social worker.
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as Female Genital Mutilation (FGM), and how to maintain an appropriate level of confidentiality while liaising with relevant professionals.
- In school procedures for recording any cause for concerns and passing information on to DSLs in accordance with school's recording systems.
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Appendix 1 details different kinds of abuse.

Appendix 2 provides guidance to staff on how to handle disclosures.

5.3 The designated safeguarding lead (DSL) and deputy designated staff.

5.3.1 Our DSL is Mrs Tracy Smith, Student Manager. The DSL takes lead responsibility for child protection and wider safeguarding.

5.3.2 During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. Out of school hours/term time the DSL can be contacted via e-mail.

5.3.3 **When the DSL is absent, Daliah Aibi will cover**

5.3.4 If the DSL and deputy are not available, **Ms Susy Jagger, Executive Head Teacher** will act as cover (for example, during out-of-hours/out-of-term activities).

5.3.5 The DSL will be given the time, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (children's social care duty and advice team, Channel programme, and/or police), and support staff to comply with their mandatory reporting duties in cases where FGM has been identified.
- Susy Jagger will ensure that all staff involved in direct case work of vulnerable children, where there are child protection concerns/issues, have access to regular safeguarding supervision. (Ref: LCC Safeguarding Supervision: Policy and Guidance - Revised 2013).
- The DSL will also keep the Executive Head Teacher informed of any issues, and liaise with local authority officers and relevant professionals for child protection concerns as appropriate.
- The school will ensure representation at appropriate inter-agency meetings such as Initial and Review Child Protection Conferences, and Planning and Core Group meetings, as well as Family Support Meetings.
- Provide reports as required for meetings. If school is unable to attend a meeting, a written report will be sent. Reports will, wherever possible, be shared with parents/carers at least 24 hours prior to the meeting.
- Where a child in school is subject to an inter-agency child protection plan or any multi-agency risk management plan, the DSL will contribute to the preparation, implementation and review of the plan as appropriate.

The full responsibilities of the DSL are set out in Annex B of KCSIE – Role of the designated safeguarding lead. All designated safeguarding leads and deputy safeguarding leads must read and comply with this.

5.4 The governing board

5.4.1 The governing board will approve this policy at each review, and hold the head teacher to account for its implementation.

5.4.2 The governing board will appoint a lead governor to monitor the effectiveness of this policy in conjunction with the full governing board. The DSL cannot also be the lead governor with responsibility for child protection.

5.4.3 In the event that an allegation of abuse is made against the head teacher, the chair of governors will act as the 'case manager'. See also 10.2

5.4.4 The governing body, along with the school's senior leadership team, are responsible for satisfying themselves and obtaining written assurances from any relevant school lettings and alternative/off site providers and provisions that their safeguarding arrangements are secure and in keeping with KCSIE. Leeds Jewish Free School use the following alternative or off-site providers and have written evidence of safeguarding arrangements:

- **The Zone**.....

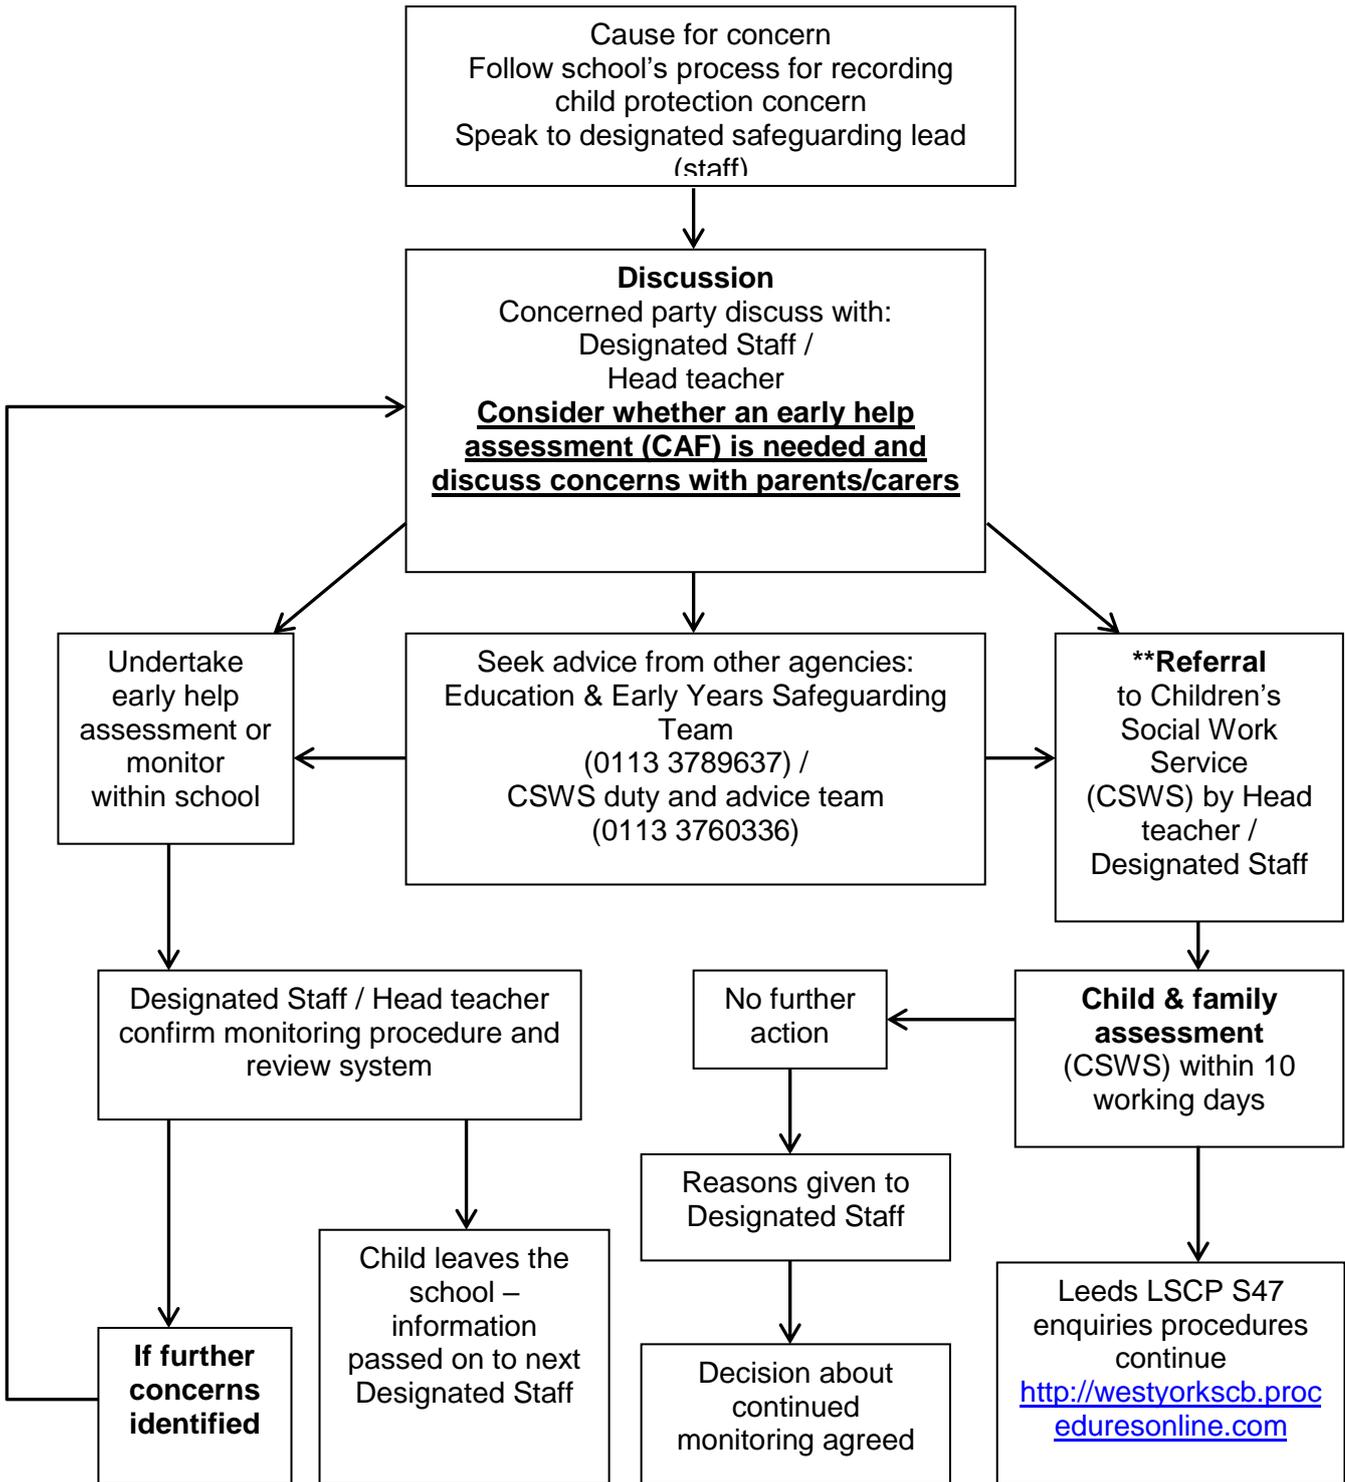

The full responsibilities of the governing body are set out in Part Two of KCSIE – The management of safeguarding. All governing bodies should read Part Two of KCSiE in order to ensure that the school is fully compliant with their statutory safeguarding responsibilities.

5.5 The head teacher

5.5.1 The head teacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of this policy as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate.

- Fig 1: Summary of in-school procedures to follow where there are concerns about a child

** If unhappy about the outcome of the referral to Children's Services Social Care, please refer to: Leeds LSCP Local Protocol: Concerns Resolution.
<http://www.leedsLSCP.org.uk/LSCP/media/Images/Concern-Resolution.pdf>

6 Confidentiality and Information Sharing

6.1 Confidentiality is an issue that needs to be understood by all those working with children, particularly in the context of safeguarding.

6.2 LJFS recognises that the only purpose of confidentiality in this respect is to benefit the child. Staff/volunteers and visitors to school should never promise a child that they will not tell anyone about an allegation/disclosure, and must pass any cause for concerns immediately to a designated safeguarding lead.

6.3 Confidentiality is addressed throughout this policy with respect to record-keeping (see section 10), dealing with disclosure (see Appendix 2), allegations of abuse against staff (see section 10.2), information sharing (see section 6.4) and working with parents (see section 6.5).

6.4 Information sharing

6.4.1 Timely information sharing is essential for effective safeguarding. Information. This school/college will share safeguarding information as appropriate in keeping with the principles outlined in the government guidance document, [Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers \(DfE 2018\)](#). This guidance has been produced to support practitioners in the decisions they take to share information, which reduces the risk of harm to children and young people and promotes their well-being.

6.5 Working with parents and other agencies to protect children

6.5.1 Parents/carers should be aware that our school will take any reasonable action to safeguard the welfare of its pupils. In cases where the school has reason to be concerned that a child may be suffering significant harm, ill treatment or neglect or other forms of harm, staff have no alternative but to follow the Leeds Safeguarding Partnership (LSCP) procedures and contact CSWS Duty and Advice team to discuss their concerns.

6.5.2 In keeping with KCSIE, we will endeavour wherever possible to obtain at least two emergency contacts for every child in the school in case of emergencies, and in case there are welfare concerns at the home.

6.5.3 In general, we will discuss concerns with parents/carers before approaching other agencies and will seek to inform parents/carers and receive their consent when making a referral to another agency. Appropriate staff will approach parents/carers after consultation with the DSL. The exception to this rule will be in situations where a member of staff has reasonable cause to believe that informing parents/carers of a referral to another agency may increase the risk of significant harm to the child.

6.5.4 Parents/carers are informed about our Safeguarding & Child Protection policy through: school prospectus, website, newsletters etc. A safeguarding & child protection statement is prominent in the school foyer/reception area.

6.6 Multi-agency work

- 6.6.1 We will co-operate with CSWS in accordance with the requirements of the Children Act and allow access to child and child protection records for them to conduct section 17 or section 47 assessments.
- 6.6.2 In the best interests of our pupils, we will work with all relevant professionals and agencies as required to safeguarding children and promote their welfare.

7 Our role in the prevention of abuse

We will identify and provide opportunities for children to develop skills, concepts, attitudes and knowledge to promote their safety and well-being.

7.1 The Curriculum

- 7.1.1 Relevant issues will be addressed through the PSHE curriculum, including self-esteem, emotional literacy, assertiveness, power, relationship and sex education, online safety, online bullying, sexting, child sexual exploitation (CSE), youth generated images, female genital mutilation (FGM), preventing radicalisation, peer on peer abuse and anti-bullying. Schools can seek advice on the PSHE curriculum from the Health & Wellbeing Service (schoolwellbeing@leeds.gov.uk).
- 7.1.2 Relevant issues will be addressed through other areas of the curriculum. For example, circle time, English, History, Drama, PSHE, Art and assemblies.

7.2 Other areas of work

- 7.2.1 All our policies that address issues of power and potential harm, e.g. Anti-Bullying, Equal opportunities, Positive Handling, Behaviour, will be linked to ensure a whole school approach.
- 7.2.2 Our Safeguarding and Child Protection policy cannot be separated from the general ethos of the school which should ensure that children are treated with respect and dignity, feel safe, and are listened to.

8 Our role in supporting children

We will offer appropriate support to individual children who have experienced abuse or who have abused others.

- 8.1 In cases where children have experienced abuse/abused others, the DSL should ensure that appropriate support is offered. An individual support plan will be devised, implemented and reviewed regularly should the pupil (victim, perpetrator, of other child affected) require additional pastoral support/intervention. This plan will detail areas of support, who will be involved (i.e. learning mentor, key worker) and the child's wishes and feelings. A copy of the individual support plan will be kept in the pupil's child protection record (see Error! Reference source not found.).

8.2 Children with additional needs

- 8.2.1 LJFS recognises that while all children have a right to be safe, some children *may* be more vulnerable to abuse e.g. those with a disability or special educational need, those living with domestic violence or drug/alcohol abusing parents, etc.

- 8.2.2 When the school is considering excluding, either fixed term or permanently, a vulnerable pupil and/or a pupil who is either subject to a S47 Child Protection plan or there are/have previously been child protection concerns, we will undertake an informed (multi-agency where other professionals are involved) risk-assessment prior to making the decision to exclude. In the event of a one-off serious incident resulting in an immediate decision to permanently exclude, the risk assessment must be completed prior to convening a meeting of the Governing body.

8.3 Children in Specific Circumstances

- 8.3.1 This school follows the Leeds LSCP (www.leedsLSCP.org.uk) online multi-agency procedures and will, where necessary, have due regard to the government guidance for children in specific circumstances as outlined in Part 1 and Annex A of KCSIE.

Female Genital Mutilation: The Mandatory Reporting Duty

- 8.3.2 The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".
- 8.3.3 FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.
- 8.3.4 **Any teacher** who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must immediately (in consultation with the DSL) report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.
- 8.3.5 The duty above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.
- 8.3.6 **Any other member of staff** who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.
- 8.3.7 **Any member of staff** who suspects a pupil is *at risk* of FGM or discovers that a **pupil age 18 or over** appears to have been a victim of FGM, must speak to the DSL and follow our [local safeguarding children's partnership procedures](#).

8.4 Radicalisation

- 8.4.1 Radicalisation is defined as the process by which people come to support terrorism and violent extremism and, in some cases, to then participate in terrorist groups. For further information on this subject please refer to pages 83 to 85 of Keeping Children Safe in Education (2018).

8.5 Responding to concerns about radicalisation

- 8.5.1 If staff are concerned about a change in the behaviour of an individual or see something that concerns them (**this could be a colleague too**) they should seek advice appropriately with the DSL who should contact the Education Safeguarding Team or the Prevent Education Officer– Julia Holden, 07891 273720 for further advice (see Appendix 10).

- 8.5.2 Schools and colleges are expected to assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology. This means being able to demonstrate both a general understanding of the risks affecting children and young people in the area and a specific understanding of how to identify individual children who may be at risk of radicalisation and what to do to support them. The Education Safeguarding Team and the Prevent team can advise and identify local referral pathways.
- 8.5.3 Effective early help relies on all staff to be vigilant and aware of the nature of the risk for children and young people, and what support may be available. Our school will ensure that as far as possible all front line staff will undertake Prevent awareness training (e.g. Workshop to Raise Awareness of Prevent [WRAP]).

8.6 Peer on peer abuse

- 8.6.1 We recognise that children are capable of abusing their peers and that peer on peer abuse can manifest in many different ways, including on-line bullying, youth produced imagery (sexting), criminal and sexual exploitation, initiation/hazing and inappropriate/harmful sexualised behaviours. It is very clear that this abuse should always be treated seriously, and never just as banter or part of growing up. Any concerns around peer on peer abuse must be reported and recorded in line with the child protection procedures outlined in this policy. The DSL is responsible on responding to such concerns in keeping with LSCP protocols referenced below. The DSL is responsible for providing support to any victims, and the perpetrators.
- 8.6.2 Where children and young people have exhibited inappropriate/harmful sexualised behaviour and/or exhibited inappropriate/harmful sexualised behaviours towards others, an AIM (Assessment, Intervention, Moving On) checklist must be completed and contact made with Children's Social Work Service if appropriate (see

Appendix 9). There should be a co-ordinated multi-agency approach through a risk assessment management plan (RAMP) to respond to their needs which will include parent/carers, youth justice (where appropriate), children's social work service and health. Further support and advice on AIM Checklists and/or undertaking a RAMP can be obtained from the Education Safeguarding Team on 0113 3789685.

- 8.6.3 We will ensure that the needs of children and young people who abuse others will be considered separately from the needs of their victims.
- 8.6.4 Children and young people who abuse others will be responded to in a way that meets their needs as well as protecting others within the school community through a multi-agency risk assessment.
- 8.6.5 Where child sexual exploitation, or the risk of it, is suspected, frontline practitioners should complete a cause for concern form and pass onto the designated member of staff for child protection.
- 8.6.6 The DSL should complete the CSE checklist tool for partners (see Appendix 8) and refer to the table at the end of the tool to help decide how to proceed. A copy of the completed tool must be kept in the child's child protection records for future reference.
- 8.6.7 If the child /young person already has an allocated social worker, the DSL must contact them (or their team manager) to discuss any concerns about sexual exploitation.
- 8.6.8 A copy of the CSE checklist tool for partners can be obtained from the LSCP Website: [CSE Checklist Tool for Partner Agencies](#)
- 8.6.9 We will ensure the school works in partnership with parents / carers and other agencies as appropriate. This includes facilitating return to home interviews as requested.

9 Children missing from education

- 9.1 A child going missing from education is a potential indicator of abuse or neglect. School and college staff members must follow the Leeds Children's Services LA procedure
- 9.2 Contact: cme@leeds.gov.uk. Tel: 0113 3789686.
- 9.3 Children who are absent, abscond or go missing during the school day are vulnerable and at potential risk of abuse or neglect. School and college staff members should follow the school's or college's procedures for dealing with children who are absent/ go missing, particularly on repeat occasions, to help identify the risk of abuse and neglect including sexual abuse or exploitation and to help prevent the risks of their going missing in future (see Appendix 11).
- 9.4 We will comply with our statutory duty to inform the local authority of any pupil who falls within the reporting notification requirements outlined in [Children Missing Education – Statutory guidance for local authorities \(DfE September 2016\)](#).

10 A Safer School Culture

Governors have agreed and ratified the following policies which must be read in conjunction with this policy and be provided to all staff as part of their induction procedures:

- Whistle Blowing/Confidential reporting policies (guidance to staff and volunteers on how they can raise concerns and receive appropriate feedback on action taken when staff have concerns about any adult's behaviour)
- School's procedures for managing children who are missing education
- Guidance on Safer Working Practices
- Safeguarding and Child Protection policy (including online safety).
- School behaviour policy

10.1 Safer Recruitment, selection and pre-employment vetting

10.1.1 The school pays full regard and commitment to following the safer recruitment, selection and pre-employment vetting procedures as outlined in part three of KCSiE (2018). The school will maintain a single central record which demonstrates the relevant vetting checks required including: a barred list check, DBS check at the correct level, identity, qualifications, prohibition order and right to work in the UK. (see Part 3 of KCSiE 2018).

10.1.2 All recruitment materials will include reference to the school's commitment to safeguarding and promoting the wellbeing of pupils. (see Appendix 7)

10.1.3 The school will ensure that all recruitment panels include at least one person that has undertaken the safer recruitment consortium, safer recruitment training as recommended by the Local Authority/Leeds LSCP.

10.1.4 The school/college will ensure that written risk assessments are undertaken in situations where information provided on DBS certificates necessitates so. Written risk assessments must be undertaken for all volunteers **not** engaging in regulated activity. Advice and support for carrying out risk assessments can be accessed through the school's HR Advisor/Provider/Contact or the Education Safeguarding Team.

10.2 Procedures in the event of an allegation against a member of staff or person in school

10.2.1 These procedures must be followed in any case in which it is alleged that a member of staff, governor, visiting professional or volunteer has:

- a) behaved in a way that has harmed a child or may have harmed a child
- b) possibly committed a criminal offence against or related to a child
- c) behaved towards a child or children in a way that indicates s/he may pose a risk of harm to children

10.2.2 Inappropriate behaviour by staff/volunteers could take the following forms:

- Physical, for example intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.

- Emotional, for example intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes which discriminate on the grounds of race, gender, disability or sexuality.
- Sexual, for example sexualised behaviour towards pupils, grooming, sexual harassment, sexual assault and rape.
- Neglect which may include failing to act to protect a child or children, failing to seek medical attention or failure to carry out appropriate/proper risk assessment etc.
- Staff have duty to disclose to the head teacher where their relationships and associations both within and outside of the workplace (including online) may have implications for safeguarding children in school.

10.2.3 A safeguarding complaint that meets the above criteria must be reported to the Head teacher/Principal ("case manager") immediately. If the complaint involves the head teacher then the next most senior member of staff must be informed and the chair of governors.

10.2.4 The case manager should gather as much information about the alleged incident as necessary in order to establish whether there is substance to the allegation. The case manager must use the local authority designated officer (LADO) notification form (see Appendix 13) in order to assess the level of concern. As part of this initial consideration, the case manager should consult with their school's HR Advisor/provider/contact. The completed LADO notification form must be sent to lado@leeds.gcsx.gov.uk **within one working day of the allegation being made**. This will assist the case manager and HR in consultation with the LADO to decide on the most appropriate course of action.

10.2.5 The case manager **should not** carry out an investigation or **directly interview** an individual about whom there is a concern until the above process has been duly completed and relevant partners have been consulted.

10.2.6 A multi-agency allegations management meeting may be arranged to look at the complaint in its widest context. The case manager must attend this meeting, which will be arranged by the LADO. All issues must be recorded and the outcome reached must be noted to ensure closure.

10.2.7 In many cases it may be appropriate to provide further training and support to staff/volunteers and ensure that they are clear about the expectations for their conduct.

10.2.8 In more serious cases, allegations may be investigated under the formal disciplinary procedures and, where allegations are upheld, formal warnings issued as well as specific training and support. In cases where children/young people may be at further risk and/or evidence/witnesses may be compromised and/or the allegations are so serious that they may, if upheld, constitute gross misconduct, suspension of the member of staff/volunteer may be appropriate and should be considered in line with the school's Disciplinary Policy.

10.2.9 Any staff/volunteers who are dismissed by the school for gross misconduct or cumulative misconduct relating to safeguarding of children/young people will be referred to the DBS for consideration of barring. Similarly, where the school has a reasonable belief that the member of staff/volunteer would have been dismissed by the school had they been employed at the time of the conclusion

of investigations, they will be referred to the DBS. The school will keep written records of all of the above.

- **LADO Contacts: Claire Ford or Carolyn Hargreaves Tel: 0113 3789687**
- **Advice can also be sought from Raminder Aujla – Team Manager Education Safeguarding Team 0113 3789637**

10.2.10 Where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, staff can contact any of the professionals named in the above paragraph, in addition to other whistleblowing channels which may be open to them.

10.2.11 The Leeds City Council whistleblowing policy states that concerns can be raised by the following methods:

- Whistleblowing hotline 0113 3788008 (dedicated hotline answered by a member of the Internal Audit team or an answerphone).
 - E-mail concerns@leeds.gov.uk
 - In writing Internal Audit, 3rd Floor West, Civic Hall, Leeds, LS1 1JF
- The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00am to 8:00pm, Monday to Friday and Email: help@nspcc.org.uk.

10.3 Training and Support

10.3.1 All staff members should be aware of systems within our school that support safeguarding and these will be explained to them as part of our staff induction. This includes: the school's/college's safeguarding/child protection policy; the school's safer working practice document and the school's whistleblowing procedures.

10.3.2 We recognise the stressful and traumatic nature of child protection work. Support is available for any member of staff from Tracy Smith. Access to regular and timely supervision is an essential form of support for all designated safeguarding staff. Children's Services Education Safeguarding team are also potentially available for advice and support (Tel: 0113 3789685).

10.3.3 Designated Safeguarding staff must have attended the 3-day Children's Services Education child protection training course, and the Leeds LSCP multi-agency Working Together to Safeguard Children and Young People training. They will attend refresher training at least every two years. The DSL will undertake Prevent Awareness Training (e.g. Workshop to Raise Awareness of Prevent [WRAP]) to enable them to provide advice and support to other members of staff on protecting children from the risk of radicalisation.

10.3.4 The school will ensure all staff including temporary and volunteers receive induction and updated INSET appropriate to their roles and responsibilities, especially staff new to the school. All staff will access refresher training at least every three years and regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Access to training can be via the Children's Services Education Safeguarding Team and the LSCP.

- 10.3.5 The Head teacher will attend appropriate safeguarding training at least every three years.
- 10.3.6 Governors, including the nominated Governor will attend specific training for their role, updated at least every three years.
- 10.3.7 Any training accessed through third party/independent providers must reflect the LSCP protocols and the LSCP minimum standards checklist. This training should be recorded by the school on a separate database.

11 Child Protection Records

11.1.1 Child protection and safeguarding records will be held securely, with access being restricted to the DSL and their deputies, head teacher and in cases of Early Help, the nominated lead professional, if this is not a designated safeguarding lead/officer. For further information please see [Early Help Assessments](#). The following information must be kept securely with restricted access, whether paper or electronic:

- Chronology (summary of significant events and the actions and involvement of the school/college)
- All completed child protection cause for concern records
- Any child protection information received from the child's previous educational establishment
- Records of discussions, telephone calls and meetings with colleagues and other agencies or services
- Professional consultations
- Letters and emails sent and received relating to child protection matters
- Referral forms sent to CSWS, other external agencies or education-based services
- Minutes or notes of meetings, e.g. child protection conferences, core group meetings, etc., copied to the file of each child in the family, as appropriate
- Formal plans for, or linked to, the child e.g. child protection plans, Early Help (previously known as CAF's), risk assessments etc
- A copy of any support plan for the pupil concerned (see **Error! Reference source not found.**)

11.1.2 Where a pupil leaves their existing provision, the school/college will ensure that the child protection file is transferred securely and separately from the main pupil file to the receiving school/educational establishment (where this is known) as soon as possible and within 15 school days. This is a legal requirement set out under regulation 9 (3) of 'The Education (Pupil Information – England) Regulations 2005'. A copy of the chronology must be retained for audit purposes.

11.1.3 Where there is an existing risk management plan/assessment in place for behaviours that are deemed potentially harmful to the pupil or others (i.e self-harming or harmful sexualised behaviour), this information must be shared with the destination provision prior to the pupil starting so that appropriate care and control measures can be put in place to mitigate the potential of any risk of further harm occurring. The DSL should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving, for example prior to a transfer programme.

11.1.4 Where a child leaves a school before statutory school leaving age, the child protection file must be transferred to the new school or college. There is no need to keep written or electronic copies of the child protection records, therefore these must be deleted from electronic systems once the successful transfer has been confirmed. The exception to this rule will be in any of the following instances:

- Where a vulnerable young person is moving to a Further Education establishment, consideration should be given to the pupil's wishes and feelings about their child protection information being passed on, in order that the FE establishment can provide appropriate support. In cases where it is deemed appropriate, relevant child protection information must be shared via the FE Safeguarding Information Sharing Form only. The original records should be retained and archived by the school/college. Due consideration must be given to the sharing of any additional information requested by the receiving establishment.
- Where the destination school is not known (*the original records should be retained by the school/college*)
- Where the child has not attended the nominated school (*the original records should be retained by the school/college*)
- There is any on-going legal action (*the original file should be retained by the school and a copy sent*)

11.1.5 Pupil records should be transferred in a secure manner, for example, through secure electronic file transfer or by hand. When hand-delivering pupil records, a list of the names of those pupils whose records are being transferred and the name of the school/college they are being transferred to must be made and a signature obtained from the receiving school/college as proof of receipt. When sending records through secure electronic file transfer, a delivery and read receipt of the transfer must be retained for audit purposes.

11.1.6 If a pupil moves from our school, child protection records will be forwarded onto the named DSL at the new school, with due regard to their confidential nature. Good practice suggests that this should always be done with a face to face handover between designated staff or a verbal conversation is had over the telephone if a face to face handover is not possible. A signed receipt of file transfer or an electronic delivery and read receipt must be obtained for audit purposes by the delivering school.

11.1.7 If sending by post, children records should be sent "Special Delivery". A note of the special delivery number should also be made to enable the records to be tracked and traced via Royal Mail.

11.1.8 For audit purposes a note of all pupil records transferred or received should be kept in either paper or electronic format. This will include the child's name, date of birth, where and to whom the records have been sent, and the date sent and/or received. A copy of the child protection chronology will also be retained for audit purposes and kept securely.

11.1.9 If a pupil is permanently excluded and moves to an alternative or specialist provision, child protection records will be forwarded onto the relevant organisation in accordance with the 'The Education (Pupil Information – England) Regulations 2005, following the above procedure for delivery of the records.

11.1.10 If a parent chooses to electively home educate (EHE) their child, the child protection record must be forwarded to Julia Green, Admin Coordinator,

EHE Team, Adams Court, Kildare Terrace, Leeds LS12 1DB, following the above procedure for delivery of the records.

11.1.11 When a DSL member of staff resigns their post or no longer has child protection responsibility, there should be a full face to face handover/exchange of information with the new post holder.

11.1.12 In exceptional circumstances when a face to face handover is unfeasible, it is the responsibility of the head teacher to ensure that the new post holder is fully conversant with all procedures and case files.

11.1.13 All DSLs receiving current (live) files or closed files must keep all contents enclosed and not remove any material.

11.1.14 All receipts confirming file transfer must be kept in accordance with the recommended retention periods. For further information refer to the archiving section.

11.2 Archiving

11.2.1 The school that the pupil attended until statutory school leaving age (or the school where the pupil completed sixth form studies) is responsible for retaining any child protection records they may hold. The recommended retention periods is 35 years from closure when there has been a referral to CSWS. If no referral has been made to CSWS, the child protection record should be retained until the child's 25th birthday, after which point the file will be destroyed confidentially or deleted from our electronic system. The decision of how and where to store child protection files must be made by the school via the governing body. Due to sensitivity of the information, the records should continue to be held in a secure area with limited access e.g. designated officer or head teacher. The DSL is responsible for ensuring that all CP files are archived in accordance with the timescales referenced above. The DSL is responsible for ensuring that the appropriate timeframes for archiving and destroying child protection records referenced above are set on electronic systems accordingly for each pupil.

11.3 Children's and parents' access to child protection files

11.3.1 Under Data Protection legislation (General Data Protection Regulation & Data Protection Act 2018) a pupil or their nominated representative have a number of legal right in respect of information relating to them. These rights include the right to access and the right to rectification of inaccurate data. Therefore it is important to remember that all information should be accurately recorded, objective in nature and expressed in a professional manner.

11.3.2 Any child who has a child protection file has a right to request access to it. However, neither the child nor the parent has an automatic right to see all the information held in child protection records. Information can be withheld if disclosure:

- could cause serious harm or is likely to cause serious harm to the physical or mental health or condition of the child or another person; or
- could reveal that the child or another person has been a subject of or may be at risk of child abuse, and the disclosure is not in the best interests of the child; or
- is likely to prejudice an on-going criminal investigation; or

- information about the child also relates to another person who could be identified from it or the information has been given by another person who could be identified as the source, unless the person has consented to the disclosure or the person providing the information is an employee of the establishment or the Local Authority.

11.3.3 It is best practice to make reports available to the child or their parents unless the exceptions described above apply. If an application is made to see the whole record, advice can be sought from the Leeds Adults, Health and Childrens Information Governance Hub.

Contact email: IMG.AC@leeds.gov.uk

Telephone: 0113 3784251.

11.3.4 The establishment's report to the child protection conference should be shared with the child, if old enough, and parent at least two days before the conference.

11.4 Safe Destruction of the pupil record

11.4.1 Where records have been identified for destruction, they should be disposed of securely at the end of the academic year (or as soon as practical before that time). Records which have been identified for destruction should be confidentially destroyed. This is because they will either contain personal or sensitive information, which is subject to the requirements of Data Protection legislation or they will contain information which is confidential to school or the Local Education Authority. Information should be shredded (or deleted as appropriate) prior to disposal or confidential disposal can be arranged through private contractors. For audit purposes the school should maintain a list of records which have been destroyed and who authorised their destruction. This can be kept securely in either paper or an electronic format.

Appendix 1: Definitions and indicators of abuse

Reference: Working Together to Safeguard Children (DfE 2018). See also KCSiE Part one and Annex A.

Neglect: Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Examples which may indicate neglect (it is not designed to be used as a checklist):

- Hunger
- Tiredness or listlessness
- Child dirty or unkempt
- Poorly or inappropriately clad for the weather
- Poor school attendance or often late for school
- Poor concentration
- Affection or attention seeking behaviour
- Untreated illnesses/injuries
- Pallid complexion
- Stealing or scavenging compulsively
- Failure to achieve developmental milestones, for example growth, weight
- Failure to develop intellectually or socially
- Neurotic behaviour

Physical abuse: Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Examples which may indicate physical abuse (not to be used as a checklist):

- Patterns of bruising; inconsistent account of how bruising or injuries occurred
- Finger, hand or nail marks, black eyes
- Bite marks
- Round burn marks, burns and scalds
- Lacerations, wealds
- Fractures
- Bald patches
- Symptoms of drug or alcohol intoxication or poisoning
- Unaccountable covering of limbs, even in hot weather
- Fear of going home or parents being contacted
- Fear of medical help
- Fear of changing for PE
- Inexplicable fear of adults or over-compliance
- Violence or aggression towards others including bullying
- Isolation from peers

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Examples which may indicate sexual abuse (it is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge
- Anal or vaginal discharge, soreness or scratching
- Reluctance to go home
- Inability to concentrate, tiredness
- Refusal to communicate.
- Thrush, Persistent complaints of stomach disorders or pains
- Eating disorders, for example anorexia nervosa and bulimia
- Attention seeking behaviour, self mutilation, substance abuse
- Aggressive behaviour including sexual harassment or molestation
- Unusually compliant
- Regressive behaviour, Enuresis, soiling
- Frequent or open masturbation, touching others inappropriately
- Depression, withdrawal, isolation from peer group
- Reluctance to undress for PE or swimming
- Bruises, scratches in genital area

Emotional abuse: Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child in participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment

Examples which may indicate emotional abuse (it is not designed to be used as a checklist):

- Over-reaction to mistakes, continual self-deprecation
- Delayed physical, mental, emotional development
- Sudden speech or sensory disorders
- Inappropriate emotional responses, fantasies
- Neurotic behaviour: rocking, banging head, regression, tics and twitches
- Self-harming, drug or solvent abuse
- Fear of parents being contacted
- Running away / Going missing
- Compulsive stealing
- Masturbation, Appetite disorders - anorexia nervosa, bulimia

- Soiling, smearing faeces, enuresis

N.B.: Some situations where children stop communication suddenly (known as “traumatic mutism”) may indicate maltreatment.

Child Sexual Exploitation: Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Reference: Child Sexual Exploitation. *Definition and a guide for practitioners, local leaders and decision makers working to protect children from child sexual exploitation* (DfE 2017)

Responses from parents

Research and experience indicates that the following responses from parents may suggest a cause for concern across all four categories:

- An unexpected delay in seeking treatment that is obviously needed
- An unawareness or denial of any injury, pain or loss of function (for example, a fractured limb)
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development
- Reluctance to give information or failure to mention other known relevant injuries
- Frequent presentation of minor injuries
- Unrealistic expectations or constant complaints about the child
- Alcohol misuse or other drug/substance misuse
- Parents request removal of the child from home
- Violence between adults in the household

Disabled Children

When working with children with disabilities, practitioners need to be aware that additional possible indicators of abuse and/or neglect may also include:

- A bruise in a site that might not be of concern on an ambulant child such as the shin, might be of concern on a non-mobile child
- Not getting enough help with feeding leading to malnourishment
- Poor toileting arrangements
- Lack of stimulation
- Unjustified and/or excessive use of restraint
- Rough handling, extreme behaviour modification e.g. deprivation of liquid medication, food or clothing, disabling wheelchair batteries
- Unwillingness to try to learn a child’s means of communication
- Ill-fitting equipment e.g. callipers, sleep boards, inappropriate splinting;
- Misappropriation of a child’s finances
- Invasive procedures

Appendix 2 Dealing with a disclosure of abuse

When a child tells me about abuse s/he has suffered, what must I remember?

- Stay calm
- Do not transmit shock, anger or embarrassment.
- Reassure the child. Tell her/him you are pleased that s/he is speaking to you.
- Never enter into a pact of secrecy with the child. Assure her/him that you will try to help but let the child know that you will have to tell other people in order to do this. State who this will be and why.
- Tell her/him that you believe them. Children very rarely lie about abuse; but s/he may have tried to tell others and not been heard or believed.
- Tell the child that it is not her/his fault.
- Encourage the child to talk but do not ask "leading questions" or press for information.
- Listen and remember.
- Check that you have understood correctly what the child is trying to tell you.
- Praise the child for telling you. Communicate that s/he has a right to be safe and protected.
- Do not tell the child that what s/he experienced is dirty, naughty or bad.
- It is inappropriate to make any comments about the alleged offender.
- Be aware that the child may retract what s/he has told you. It is essential to record all you have heard.
- At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child's own language. Include any questions you may have asked. Do not add any opinions or interpretations.

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

Immediately afterwards

- You must not deal with this yourself. All disclosures of abuse must be responded to in keeping with the professional roles and responsibilities outlined in

Fig 1: Summary of in-school procedures to follow where there are concerns about a child (Page 9)

Appendix 4 Cause for Concern Form

Page 1 of 2

Strictly Confidential

Note: Please do not interpret what is seen or heard; simply record the facts. After completing the form, pass it immediately to the Designated Teacher.

Name of child..... Class / Tutor group.....

Name of staff member completing form.....

Day..... Date..... Time..... Place.....
(of observed behaviour / discussion / disclosure)

Nature of incident / concern including relevant background (Record child's word verbatim and any wishes and feelings expressed)

Signed: _____

Action/passed to _____

For: Designated Safeguarding Lead Officer Use

Name: _____ Date: _____ Time _____

Action Taken	By whom	Outcome
<p>Discuss with child</p> <p>Ensure the child's wishes and feelings are ascertained where appropriate and fully recorded.</p>		
<p>Monitoring sheet</p>		
<p>Check behaviour database, for recent incidents, that might be significant to inform assessment</p>		
<p>Contact parents Please tick</p> <p>Telephone Call ____ Meeting: ____ Email : _____</p>		
<p>Refer as appropriate (i.e CSWS, cluster, family support etc..)</p>		
<p>Other (Please specify)</p>		

The following Appendices reflect our LSCP referral pathways and procedures for responding to specific circumstances, which must be read and followed by all staff as appropriate when responding to individual concerns and circumstances and pre-appointment checks...

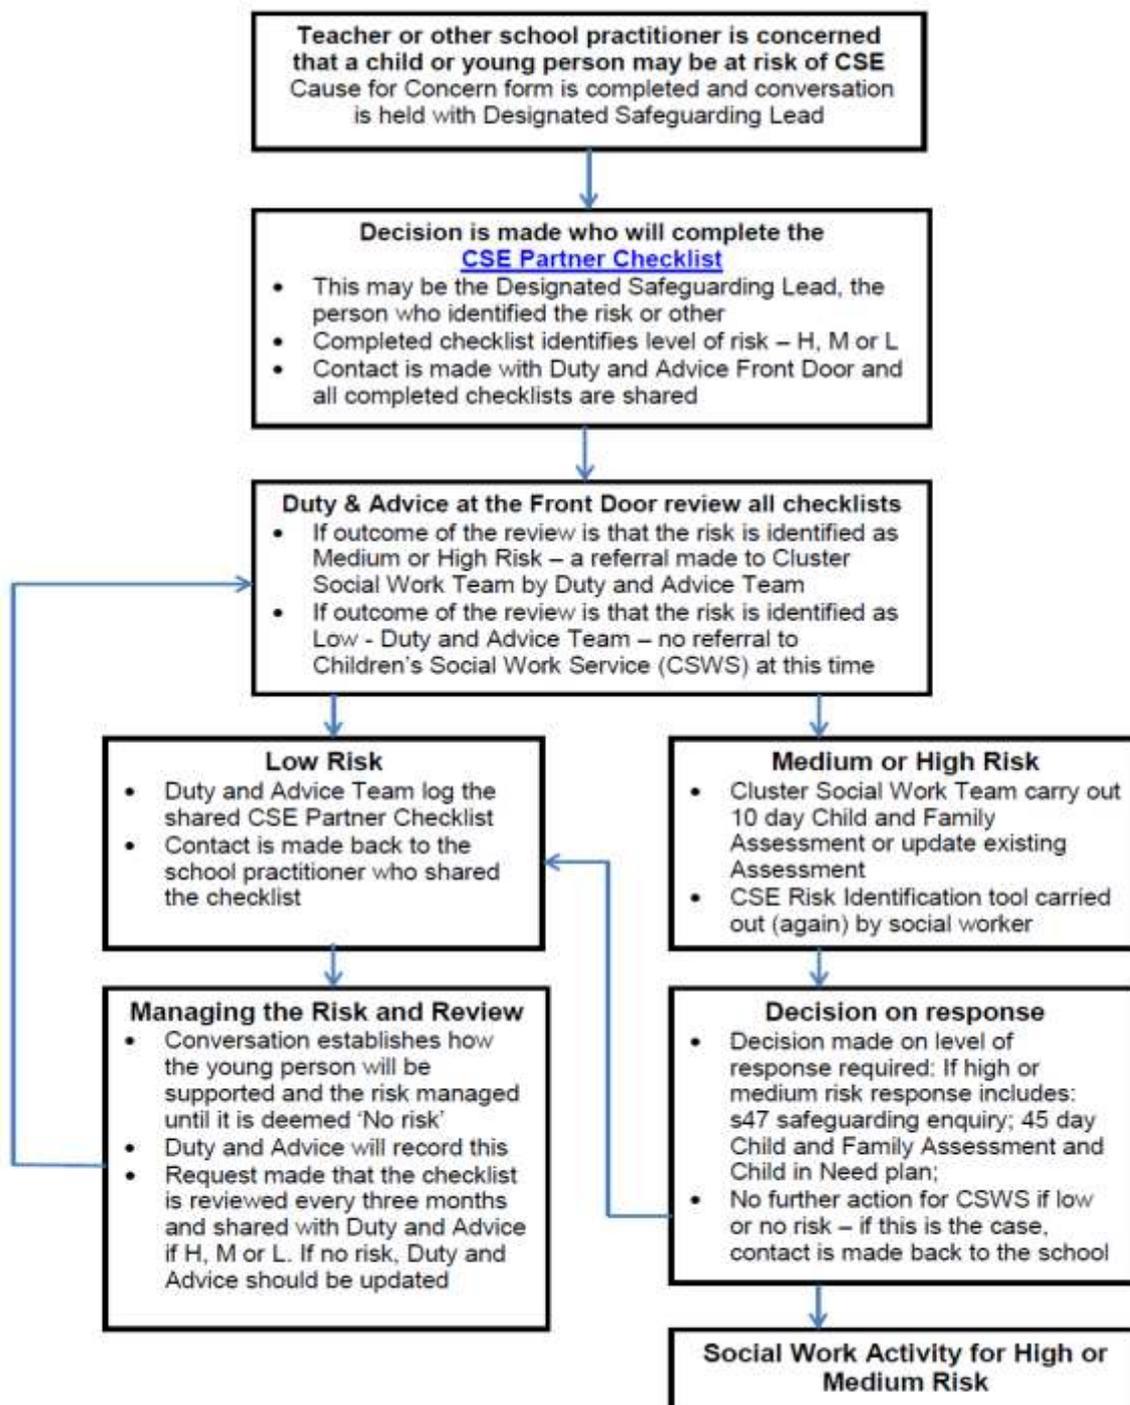

Appendix 7 Recruitment and Selection Checklist

	Initials	Date
Vacancy advertised. Advertisement includes reference to safeguarding policy, that is, statement of commitment to safeguarding and promoting welfare of children and need for successful applicant to be DBS checked		
Application form on receipt - Scrutinised – any discrepancies/anomalies/gaps in employment and signed to confirm that the applicant accepts the content is true.		
Two References. Sought directly from referee on short-listed candidates. This should be the head teacher (or most senior manager) within the organisation; ask recommended specific questions around suitability to work with children.		
Interview arrangements - Supporting evidence to verify that at least one member of the interview panel for recruitment has completed safer recruitment training.		
Copy of Interview notes - Explores applicants' suitability for work with children as well as for the post		
Note: identity and qualifications of successful applicant verified on day of interview by scrutiny of appropriate original documents; copies of documents taken and placed on file; where appropriate applicant completed application for DBS disclosure		
Conditional offer of appointment: pre appointment checks. Offer of appointment is made conditional on satisfactory completion of the following pre- appointment checks and, for non-teaching posts, a probationary period		
Identity - copies of relevant documents kept in file		
Qualifications - copied of relevant documents kept in file		
Evidence of permission to work in UK, if required		
DBS certificate - satisfactory DBS certificate checked		
DBS Barred list – person is not prohibited from taking up the post		
Childcare(Disqualification) Regulations 2009 Letter- For any staff who work in childcare provision or who are directly concerned with the management of such provision as defined in the statutory guidance.		
Health – the candidate is medically fit		
Prohibition – (for anybody undertaking teaching work in any type of school) the member of staff has not been included in the prohibition list or interim prohibition list		
Qualified Teacher Status (QTS) – (for teaching posts in maintained schools) the teacher has obtained QTS or is exempt from the requirement to hold QTS (for teaching posts in FE colleges) the teacher has obtained a Post Graduate Certificate of Education (PGCE) or Certificate of Education (Cert. Ed) awarded by a higher education institution, or the FE Teaching Certificate conferred by an awarding body		
Statutory induction (for teachers who obtained QTS after 7 May 1999)		
Each member of staff must have been given a copy of the following documents, with signed verification of receipt and that they have read and understood them		
Copy of organisation's child protection policy		
Copy of the school's behaviour policy		
Copy of Guidance for safer working practice		
Copy of organisation's whistleblowing procedures		
Copy of Keeping Children Safe in Education (most updated version) including a copy of Annex A		
Copy of the school's ICT Acceptable use policy		
Copy of the organisations online safety policy		
Child Protection training and induction		
Information of the school's CME processes		

Appendix 8 CSE Response Checklist

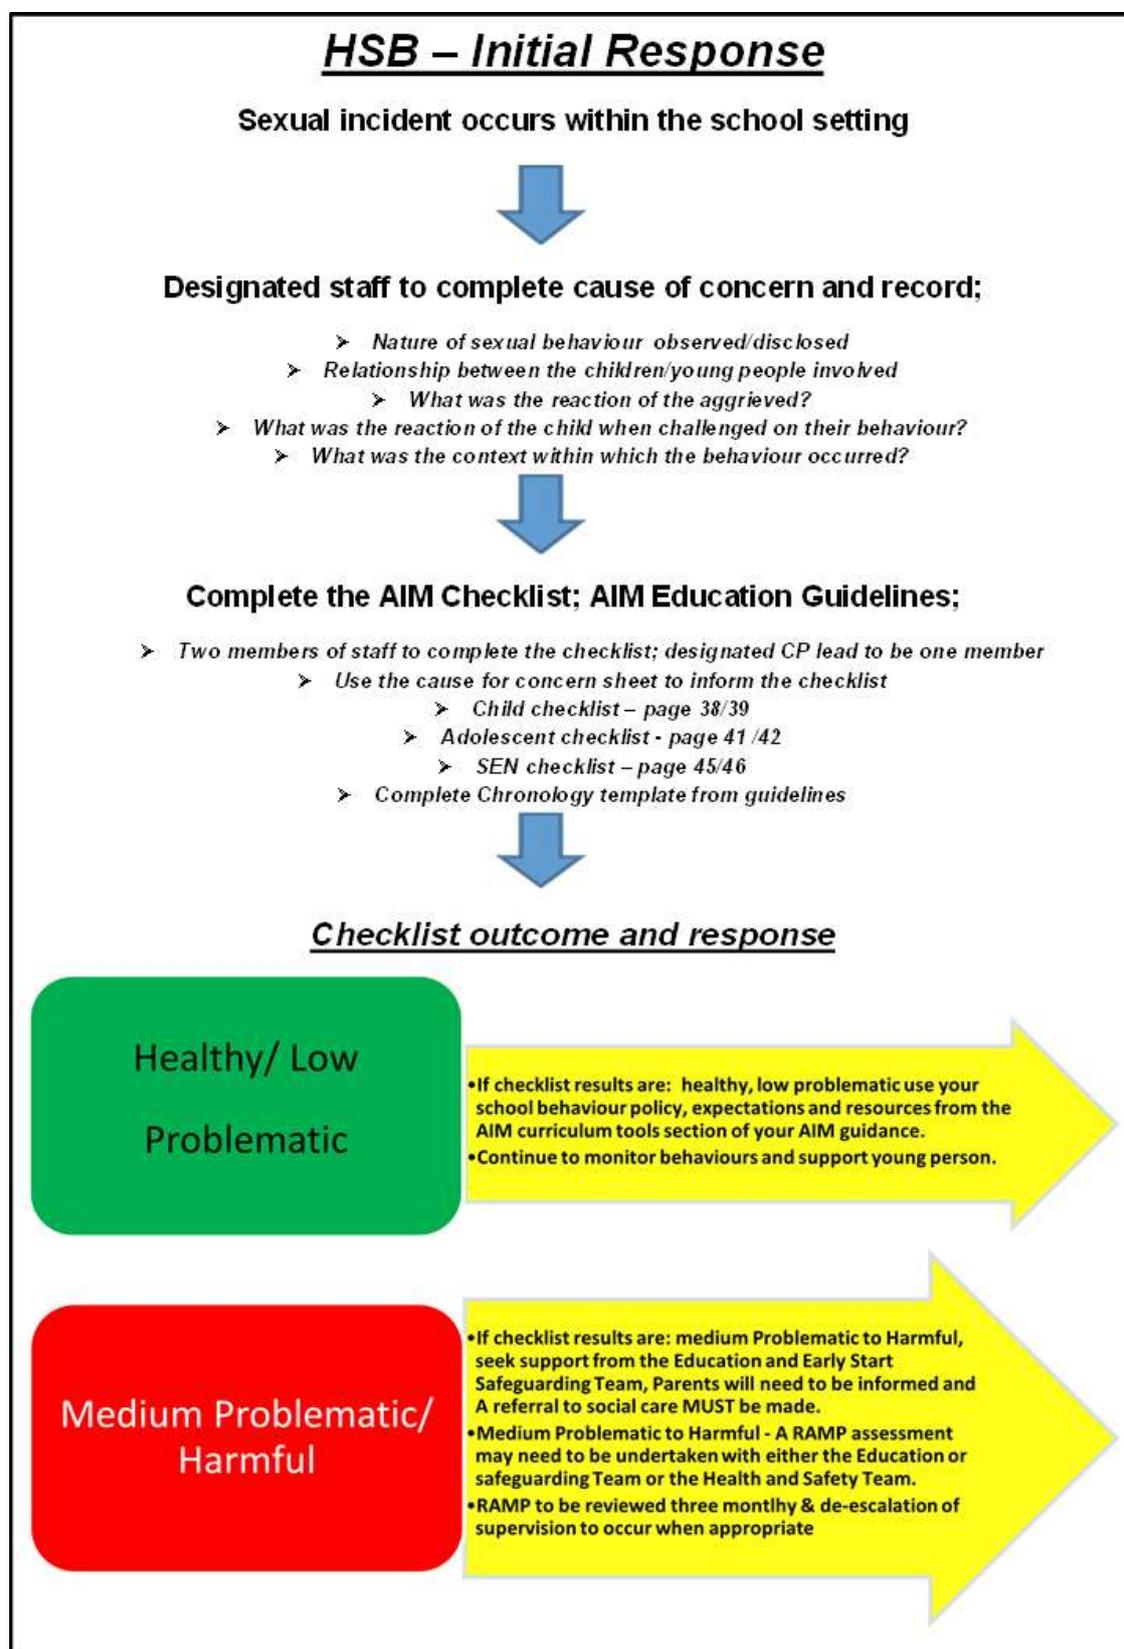

Responding to identified concerns about Child Sexual Exploitation (CSE) in schools

Education professionals can also use the [WY Police CSE information report form](#) on the Leeds LSCB website to share any information which could help identify possible perpetrators of CSE, or children at risk of CSE.

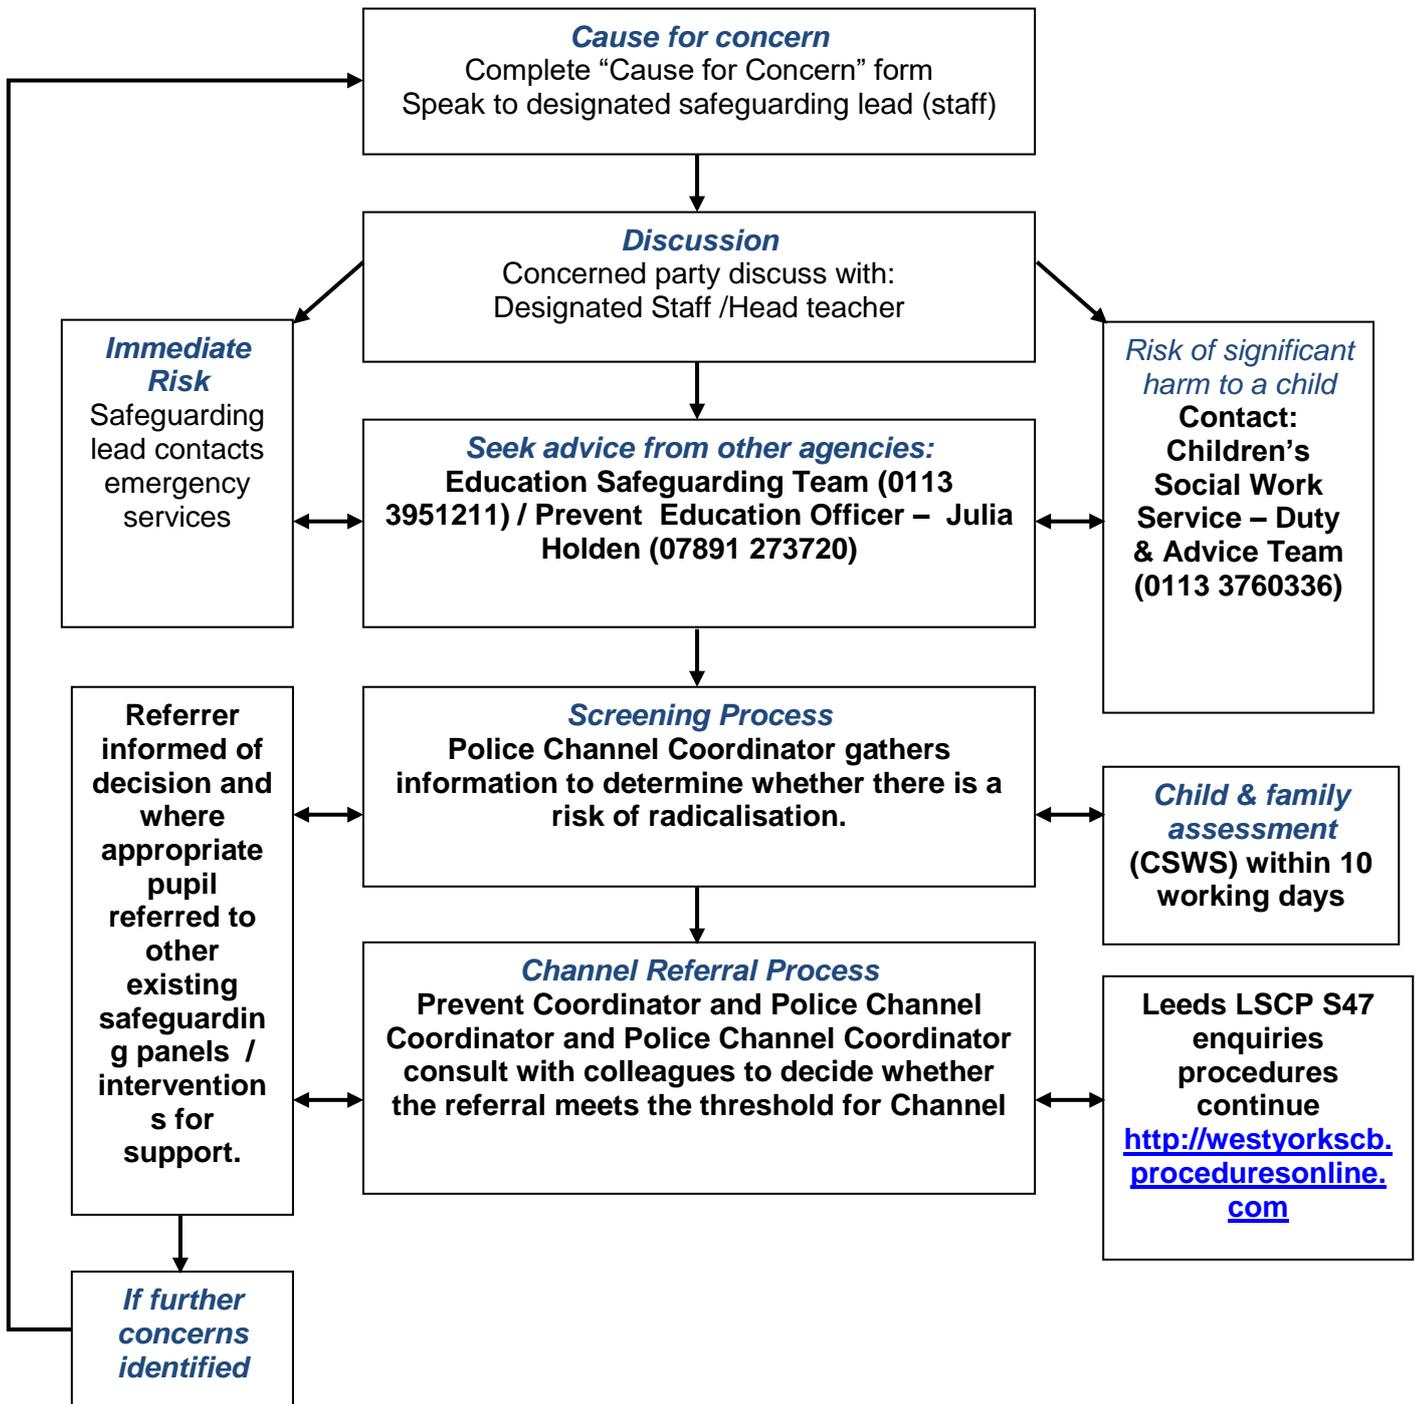

Appendix 9 Harmful Sexual Behaviour Response Checklist

Further information and relevant guidance documents referred to, are available electronically from Leeds Education Hub – Safeguarding Page and directly upon request from education.training@leeds.gov.uk.

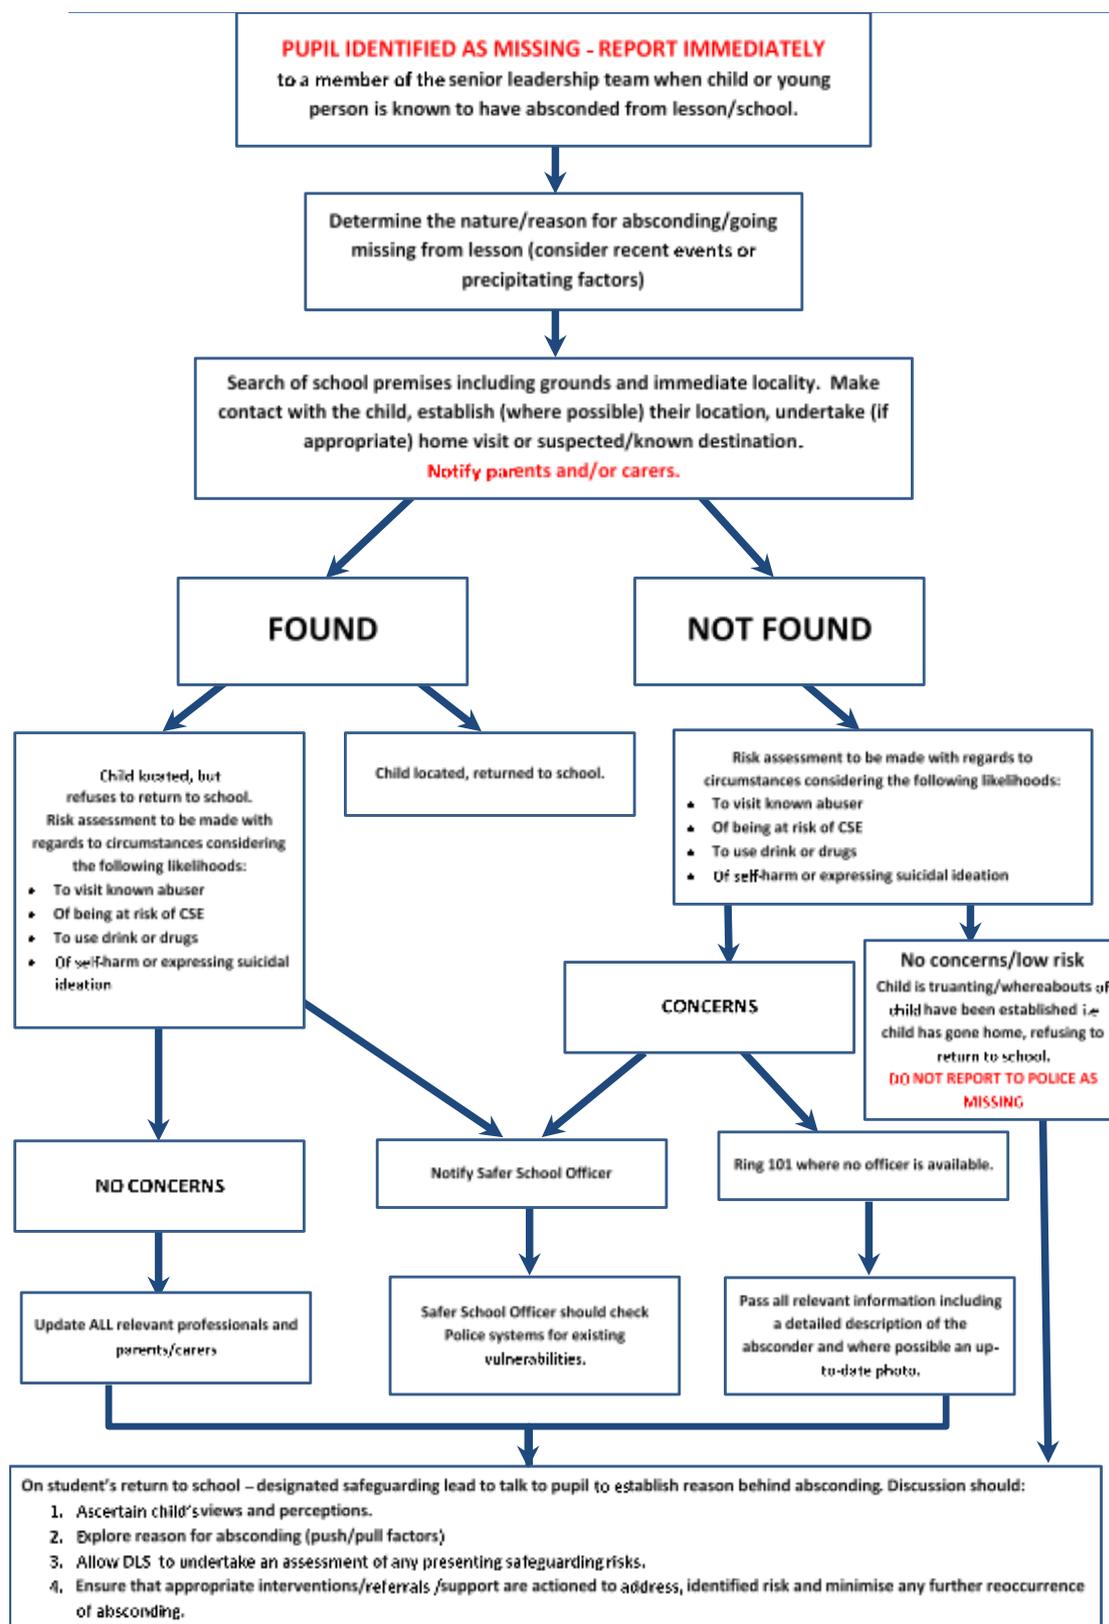

Appendix 10 Radicalisation Response Checklist

Summary of in-school procedures to follow where there are potential radicalisation concerns about a child/member of staff

Further information and relevant guidance documents referred to, are available electronically from Leeds Education Hub – Safeguarding Page and directly upon request from education.training@leeds.gov.uk.

Appendix 13 LADO Notification Form

Children's Services
Integrated Safeguarding Unit
Notification to Local Authority Designated Officer
(Managing Allegations)

ALLEGATIONS OR CONCERN ABOUT A PERSON WORKING WITH CHILDREN

This form has been designed to help all agencies working with children record and refer information when it has been alleged that a person who works with children has:

- Behaved in a way that has harmed a child, or may have harmed a child;
- Possibly committed a criminal offence against or related to a child; or
- Behaved towards a child or children in a way that indicates she or he may pose a risk of harm to children.

**PLEASE PROVIDE AS MUCH INFORMATION AS YOU CAN AND SEND TO
LADO@leeds.gcsx.gov.uk WITHIN ONE WORKING DAY**

Date of Notification:	
Date of Alleged Incident:	
Name of Referrer:	
Agency:	
Contact Details:	

Professional's Details :

Name :	D.O.B :	Employment Sector:	Occupation:	Employer:

Home Address :

Child/ren's Details (if applicable):

Name :	D.O.B :	Legal Status i.e. Looked after child (S.31,S.20,LASPO)	Social Worker or Case Worker:	Independent Reviewing Officer:

Address :

Detail of Allegation	Referral Details (to include name of referrer, date, time, detail of allegation and professional (s) involved)
-----------------------------	---

Child or young person's view	Has the young person's views been sought: Yes/No (to include: when, by whom and detail of interview) If not please specify reason and date when young person will be seen)
-------------------------------------	---

Parent or carer's view	Has the parent/carer been notified and their views sought: Yes/No (to include: when, by whom and detail of interview) If not please specify reason)
-------------------------------	---

Have you discussed this concern with the appropriate Line Manager and Human Resources within your organisation?
--

<i>What is their view</i>

Does the professional have children of their own? if known please give names & ages

Previous concerns of a safeguarding nature:	<i>Please identify (in chronological order) any previous/historical concerns of a safeguarding nature by the professional concerned.</i>
--	--

Does the professional work with children in any other capacity?

Does the professional acknowledge the concern? Please consult with HR if advice is required about talking to the member of staff <i>What is their view</i>

Do you believe that the individual concerned poses a current risk of significant harm to children and young people in your organisation?
<i>Please explain your rationale for both a Yes or No response.</i>

In your professional opinion what action should be taken in regard to the individual facing the allegation or concern?

If the professional who these concerns are about, is not a member of staff directly employed by your organisation (i.e. an agency worker). Have you discussed this concern with the appropriate Line Manager for the organisation concerned? (If not, please contact the employer and complete the section below, prior to submitting this notification)

Summary

Keeping Children Safe in Education is statutory guidance that schools and colleges in England must have regard to it when carrying out their duties to safeguard and promote the welfare of children.

- Governing bodies of maintained schools (including maintained nursery schools) and colleges;
- Proprietors of independent schools (including academies, free schools and alternative provision academies) and non-maintained special schools. In the case of academies, free schools and alternative provision academies, the proprietor will be the academy trust; and
- Management committees of pupil referral units (PRUs)

are asked to ensure that **all staff** in their school or college **read** at least Part one of the guidance.

For ease of reference Part one is set out here as a standalone document.

Part one: Safeguarding information for all staff

What school and college staff should know and do

A child centred and coordinated approach to safeguarding

1. Schools and colleges and their staff are an important part of the wider safeguarding system for children. This system is described in statutory guidance [Working Together to Safeguard Children](#).
2. Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.
3. No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.
4. Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:
 - protecting children from maltreatment
 - preventing impairment of children's health or development
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care
 - taking action to enable all children to have the best outcomes
5. Children includes everyone under the age of 18.

The role of school and college staff

6. School and college staff are particularly important as they are in a position to identify concerns early, provide help for children, and prevent concerns from escalating.
7. **All** staff have a responsibility to provide a safe environment in which children can learn and **all** staff should be prepared to identify children who may benefit from early

help.¹ Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

8. **Any staff member** who has a concern about a child's welfare should follow the referral processes set out in paragraphs 22-33. Staff should expect to support social workers and other agencies following any referral.

9. Every school and college should have a designated safeguarding lead who will provide support to staff to carry out their safeguarding duties and who will liaise closely with other services such as children's social care.

10. The designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

11. The Teachers' Standards 2012 state that teachers (which includes headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.²

What school and college staff need to know

12. **All** staff should be aware of systems within their school or college which support safeguarding and these should be explained to them as part of staff induction. This should include:

- the child protection policy;
- the behaviour policy;³
- the staff behaviour policy (sometimes called a code of conduct);
- the safeguarding response to children who go missing from education; and
- the role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).

Copies of policies and a copy of Part one of this document should be provided to staff at induction.

¹ Detailed information on early help can be found in Chapter 1 of [Working Together to Safeguard Children](#).

² The [Teachers' Standards](#) apply to: trainees working towards QTS; all teachers completing their statutory induction period (newly qualified teachers [NQTs]); and teachers in maintained schools, including maintained special schools, who are subject to the Education (School Teachers' Appraisal) (England) Regulations 2012.

³ All schools are required to have a behaviour policy (full details are [here](#)). If a college chooses to have a behaviour policy it should be provided to staff as described above.

13. **All** staff should receive appropriate safeguarding and child protection training which is regularly updated. In addition, all staff should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.
14. **All** staff should be aware of their local early help⁴ process and understand their role in it.
15. **All** staff should be aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments.⁵
16. **All** staff should know what to do if a child tells them he/she is being abused or neglected. Staff should know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved, such as the designated safeguarding lead (or a deputy) and children's social care. Staff should never promise a child that they will not tell anyone about a report of abuse, as this may ultimately not be in the best interests of the child.

What school and college staff should look out for

17. **Any** child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:
- is disabled and has specific additional needs
 - has special educational needs (whether or not they have a statutory Education, Health and Care Plan)
 - is a young carer
 - is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
 - is frequently missing/goes missing from care or from home
 - is at risk of modern slavery, trafficking or exploitation
 - is at risk of being radicalised or exploited
 - is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
 - is misusing drugs or alcohol themselves

⁴ Detailed information on early help can be found in Chapter 1 of [Working Together to Safeguard Children](#).

⁵ More information on statutory assessments is included at paragraph 28. Detailed information on statutory assessments can be found in Chapter 1 of [Working Together to Safeguard Children](#).

- has returned home to their family from care
- is a privately fostered child

18. **All** staff should be aware of indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. Indicators of abuse and neglect, and examples of safeguarding issues are described in paragraphs 41-51.

19. Departmental advice [What to Do if You Are Worried a Child is Being Abused - Advice for Practitioners](#) provides more information on understanding and identifying abuse and neglect. Examples of potential indicators of abuse and neglect are highlighted throughout the advice and will be particularly helpful for school and college staff. The [NSPCC](#) website also provides useful additional information on abuse and neglect and what to look out for.

20. Staff working with children are advised to maintain an attitude of '**it could happen here**' where safeguarding is concerned. When concerned about the welfare of a child, staff should always act in the **best** interests of the child.

21. Knowing what to look for is vital to the early identification of abuse and neglect. If staff are unsure, they should **always** speak to the designated safeguarding lead (or deputy).

What school and college staff should do if they have concerns about a child

22. If staff have **any concerns** about a child's welfare, they should act on them immediately. See page 13 for a flow chart setting out the process for staff when they have concerns about a child.

23. If staff have a concern, they should follow their own organisation's child protection policy and speak to the designated safeguarding lead (or deputy).

24. Options will then include:

- managing any support for the child internally via the school's or college's own pastoral support processes;
- an early help assessment;⁶ or

⁶ Further information on early help assessments, provision of early help services and accessing services is in Chapter 1 of [Working Together to Safeguard Children](#).

- a referral for statutory services,⁷ for example as the child might be in need, is in need or suffering or likely to suffer harm.

25. The designated safeguarding lead or a deputy should always be available to discuss safeguarding concerns. If in exceptional circumstances, the designated safeguarding lead (or deputy) is not available, this should not delay appropriate action being taken. Staff should consider speaking to a member of the senior leadership team and/or take advice from local children's social care. In these circumstances, any action taken should be shared with the designated safeguarding lead (or deputy) as soon as is practically possible.

26. Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision. [Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers](#) supports staff who have to make decisions about sharing information. This advice includes the seven golden rules for sharing information and considerations with regard to the Data Protection Act 2018 and General Data Protection Regulation (GDPR). If in any doubt about sharing information, staff should speak to the designated safeguarding lead or a deputy. Fears about sharing information **must not** be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children.

Early help

27. If early help is appropriate, the designated safeguarding lead (or deputy) will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases should be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services, if the child's situation does not appear to be improving or is getting worse.

⁷ Chapter 1 of [Working Together to Safeguard Children](#) sets out that the safeguarding partners should publish a threshold document that should include the criteria, including the level of need, for when a case should be referred to local authority children's social care for assessment and for statutory services under section 17 and 47.

Local authorities, with their partners, should develop and publish local protocols for assessment. A local protocol should set out clear arrangements for how cases will be managed once a child is referred into local authority children's social care.

Statutory assessments

28. **Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.** Referrals should follow the local referral process.

Children in need

A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989.

Children suffering or likely to suffer significant harm

Local authorities, with the help of other organisations as appropriate, have a duty to make enquires under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child's welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse and neglect, female genital mutilation or other so-called honour based violence, and extra-familial threats like radicalisation and sexual exploitation.

29. The online tool [Report Child Abuse to Your Local Council](#) directs to the relevant local children's social care contact number.

What will the local authority do?

30. Within one working day of a referral being made, a local authority social worker should acknowledge receipt to the referrer and make a decision about the next steps and the type of response that is required This will include determining whether:

- the child requires immediate protection and urgent action is required
- the child is in need, and should be assessed under section 17 of the Children Act 1989
- there is reasonable cause to suspect the child is suffering or likely to suffer significant harm, and whether enquiries must be made and the child assessed under section 47 of the Children Act 1989
- any services are required by the child and family and what type of services
- further specialist assessments are required to help the local authority to decide what further action to take
- to see the child as soon as possible if the decision is taken that the referral requires further assessment.

31. The referrer should follow up if this information is not forthcoming.

32. If social workers decide to carry out a statutory assessment, staff should do everything they can to support that assessment (supported by the designated safeguarding lead (or deputy) as required).

33. If, after a referral, the child's situation does not appear to be improving, the referrer should consider following local escalation procedures to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

Female Genital Mutilation mandatory reporting duty for teachers

34. Whilst all staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific **legal** duty on **teachers**.⁸ If a **teacher**, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher **must** report this to the police. **See Annex A** for further details.

Record keeping

35. All concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. If in doubt about recording requirements, staff should discuss with the designated safeguarding lead (or deputy).

Why is all of this important?

36. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. Research and serious case reviews have repeatedly shown the dangers of failing to take effective action.⁹ Examples of poor practice include:

- failing to act on and refer the early signs of abuse and neglect;
- poor record keeping;
- failing to listen to the views of the child;
- failing to re-assess concerns when situations do not improve;
- not sharing information;
- sharing information too slowly; and
- a lack of challenge to those who appear not to be taking action.

⁸ Under Section 5B(11) (a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

⁹ An analysis of serious case reviews can be found at [Serious case reviews, 2011 to 2014](#).

What school and college staff should do if they have concerns about another staff member who may pose a risk of harm to children

37. If staff have safeguarding concerns, or an allegation is made about another member of staff (including volunteers) posing a risk of harm to children, then:

- this should be referred to the headteacher or principal;
- where there are concerns/allegations about the headteacher or principal, this should be referred to the chair of governors, chair of the management committee or proprietor of an independent school; and
- in the event of concerns/allegations about the headteacher, where the headteacher is also the sole proprietor of an independent school, allegations should be reported directly to the designated officer(s) at the local authority. (Further details can be found in Part four of this guidance).

What school or college staff should do if they have concerns about safeguarding practices within the school or college

38. All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school's or college's safeguarding regime and know that such concerns will be taken seriously by the senior leadership team.

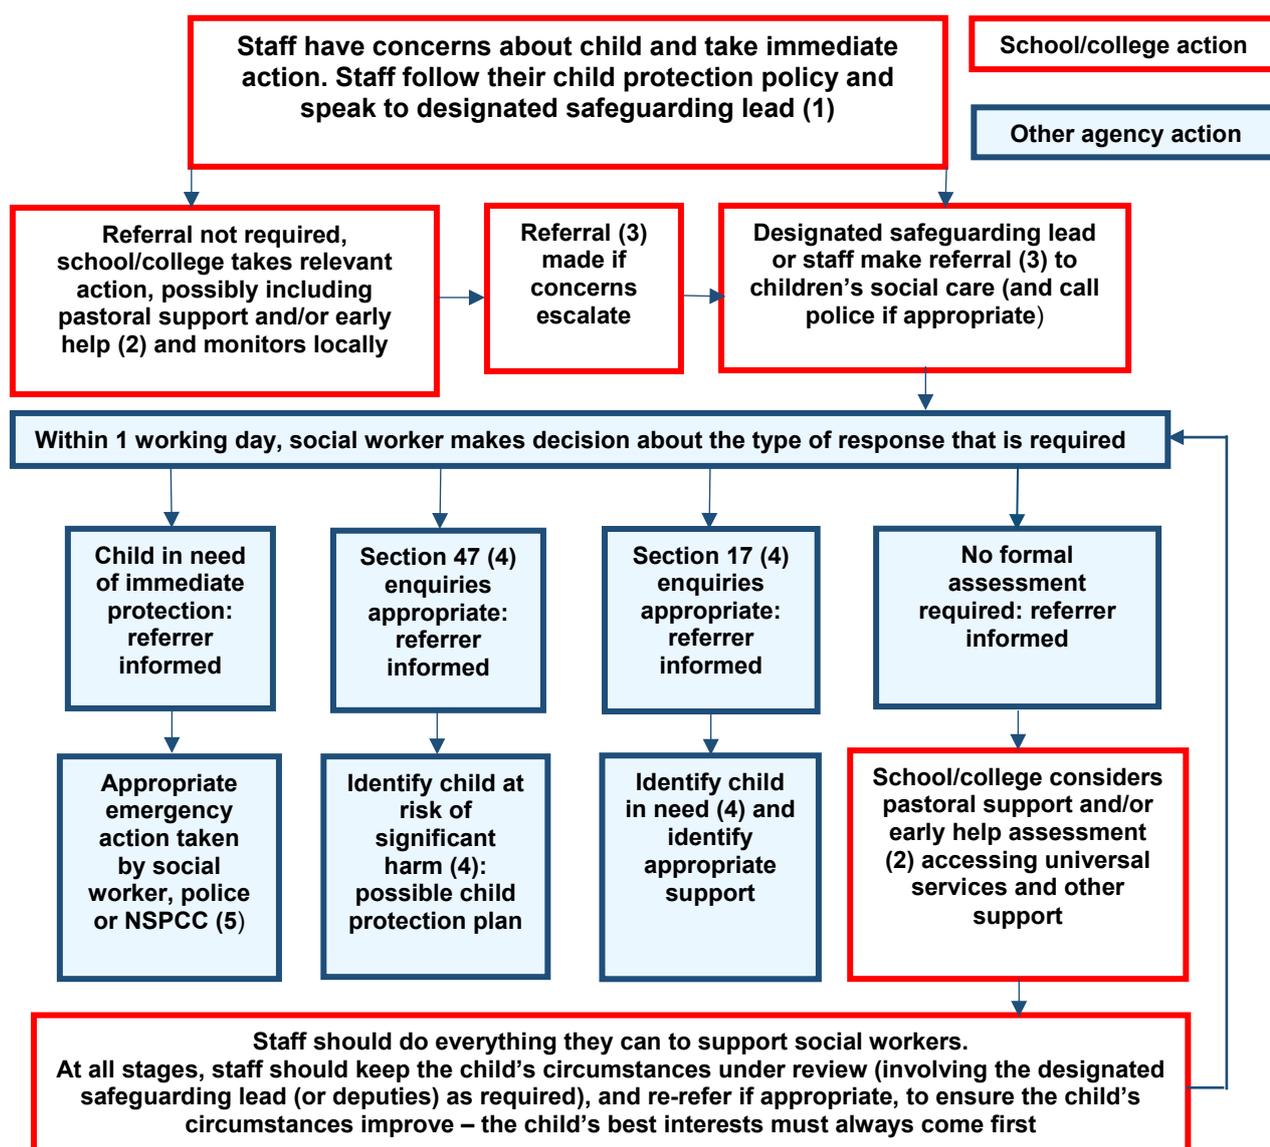

39. Appropriate whistleblowing procedures, should be put in place for such concerns to be raised with the school's or college's senior leadership team.

40. Where a staff member feels unable to raise an issue with their employer, or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- General guidance on whistleblowing can be found via: [Advice on Whistleblowing](#).
- The [NSPCC whistleblowing helpline](#) is available as an alternative route for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about the way a concern is being handled by their school or college. Staff can call 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and email: help@nspcc.org.uk¹⁰

¹⁰ Alternatively, staff can write to: National Society for the Prevention of Cruelty to Children (NSPCC), Weston House, 42 Curtain, Road, London EC2A 3NH.

Actions where there are concerns about a child

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

(5) This could include applying for an Emergency Protection Order (EPO).

Indicators of abuse and neglect

41. All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.
42. **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.
43. **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
44. **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
45. **Sexual abuse:** involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education (see paragraph 48).

46. **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Specific safeguarding issues

47. **All** staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) put children in danger.

48. **All** staff should be aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but may not be limited to:

- bullying (including cyberbullying);
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
- sexual violence and sexual harassment;
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

49. **All** staff should be clear as to the school's or college's policy and procedures with regards to peer on peer abuse.

50. Safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside the school or college. All staff, but especially the designated safeguarding lead (and deputies) should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Children's social care assessments should consider such factors so it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse. Additional information regarding contextual safeguarding is available here: [Contextual Safeguarding](#).

51. **Annex A** contains important additional information about specific forms of abuse and safeguarding issues. School and college leaders and those staff who work directly with children should read the annex.

Annex A: Further information

Annex A contains important additional information about specific forms of abuse and safeguarding issues. School and college leaders and those staff who work directly with children should read this annex.

As per Part 1 of this guidance, if staff have any concerns about a child's welfare, they should act on them immediately. They should follow their own organisation's child protection policy and speak to the designated safeguarding lead (or deputy).

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children [5-11-year olds](#) and [12-17 year olds](#).

The guides explain each step of the process and support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online [child arrangements information tool](#) with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. Staff should be aware of their school's or college's unauthorised absence and children missing from education procedures.

Children with family members in prison

Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. [NICCO](#) provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Child sexual exploitation

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation

does not always involve physical contact: it can also occur through the use of technology. Like all forms of child sex abuse, child sexual exploitation:

- can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex;
- can still be abuse even if the sexual activity appears consensual;
- can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity;
- can take place in person or via technology, or a combination of both;
- can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media);
- can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
- is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

Some of the following signs may be indicators of child sexual exploitation:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who have older boyfriends or girlfriends;
- children who suffer from sexually transmitted infections or become pregnant;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

Child criminal exploitation: county lines

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of

transporting drugs and a referral to the National Referral Mechanism¹¹ should be considered. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Domestic abuse

The cross-government definition of domestic violence and abuse is:

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

Advice on identifying children who are affected by domestic abuse and how they can be helped is available at:

¹¹ [national crime agency human-trafficking](#)

[NSPCC- UK domestic-abuse Signs Symptoms Effects](#)

[Refuge what is domestic violence/effects of domestic violence on children](#)

[Safelives: young people and domestic abuse](#)

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The following factsheets usefully summarise the new duties: [Homeless Reduction Act Factsheets](#). The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless and/ or require accommodation: [here](#).

So-called 'honour-based' violence

So-called 'honour-based' violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a

wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

Actions

If staff have a concern regarding a child that might be at risk of HBV or who has suffered from HBV, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on **teachers**¹² that requires a different approach (see following section).

FGM

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

FGM mandatory reporting duty for teachers

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: [Mandatory reporting of female genital mutilation procedural information](#).

¹² Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out.¹³ Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's or college's designated safeguarding lead (or deputy) and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty: [FGM Fact Sheet](#).

Forced marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published [statutory guidance](#) and [Multi-agency guidelines](#), with pages 35-36 of which focus on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fco.gov.uk.

Preventing radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.

[Extremism](#)¹⁴ is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the

¹³ Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case.

¹⁴ As defined in the Government's Counter Extremism Strategy.

armed forces. [Radicalisation](#)¹⁵ refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme.

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard"¹⁶ to the need to prevent people from being drawn into terrorism".¹⁷ This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised [Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76 which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies.

Additional support

The department has published advice for schools on the [Prevent duty](#). The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.

¹⁵ As defined in the Revised Prevent Duty Guidance for England and Wales.

¹⁶ According to the Prevent duty guidance 'having due regard' means that the authorities should place an appropriate amount of weight on the need to prevent people being drawn into terrorism when they consider all the other factors relevant to how they carry out their usual functions.

¹⁷ "Terrorism" for these purposes has the same meaning as for the Terrorism Act 2000 (section 1(1) to (4) of that Act).

There is additional guidance: [Prevent duty guidance: for further education institutions in England and Wales](#) that applies to colleges.

[Educate Against Hate](#), a website launched by the Her Majesty's Government has been developed to support and equip school and college leaders, teachers, and parents with information, tools and resources (including on the promotion of fundamental British values) to help recognise and address extremism and radicalisation in young people. The platform provides information on and access to training resources for teachers, staff and school and college leaders, some of which are free such as Prevent e-learning, via the Prevent Training catalogue.

Channel

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. Guidance on Channel is available at: [Channel guidance](#), and a Channel awareness e-learning programme is available for staff at: [Channel General Awareness](#).

The school's or college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Channel referral. As a Channel partner, the school or college may be asked to attend a Channel panel to discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required.

Peer on peer abuse

Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals.

Sexual violence and sexual harassment between children in schools and colleges

Context

Sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the

experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

What is Sexual violence and sexual harassment?

Sexual violence

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003¹⁸ as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

¹⁸ [Legislation.gov.uk](http://legislation.gov.uk)

What is consent?¹⁹ Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.²⁰

Sexual harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.²¹ It may include:
 - non-consensual sharing of sexual images and videos;
 - sexualised online bullying;
 - unwanted sexual comments and messages, including, on social media; and
 - sexual exploitation; coercion and threats

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by

¹⁹ It is important school and college staff (and especially designated safeguarding leads and their deputies) understand consent. This will be especially important if a child is reporting they have been raped. More information: [here](#)

²⁰ [PSHE Teaching about consent](#) from the PSHE association provides advice and lesson plans to teach consent at Key stage 3 and 4.

²¹ [Project deSHAME](#) from Childnet provides useful research, advice and resources regarding online sexual harassment.

reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph 22 in Part 1 of this guidance. As is always the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or a deputy).
