

# Careers Programme Overview

## 2021/23 Leeds Jewish Free School

**Vision Statement**

To deliver an accessible and aspirational programme that delivers on our statutory responsibilities in an holistic way. The aim is to meet the Gatsby Benchmarks and enter 2024 targeting the Quality in Careers standard.

### Milestones and Learning Outcomes

### Key Events and Experiences

#### Year 11

Reflect on the skills of the workplaces  
Create a skills audit for interviews  
Prepare any applications

#### Year 10

Preparations for the World of work  
Preparation and debriefing for work place encounters  
Apply for work placements  
Review experiences and learning in relation to their own aspirations

#### Year 9

Prepare and make options choices by deciding which curriculum areas and career pathways might be of interest  
Explore and list any skills in subjects that they have gained from other subjects  
Looking at transferable skills  
Reflect on the appropriateness of their aspirations, what is important now?

#### Year 8

Learn about Local workplaces and make a visit  
Reduce any funneling by introducing all the potential choices post 16 and how they might connect beyond that.  
Start to explore and investigate which curriculum skills and which subjects link to their passport and aspirations from the previous year

#### Year 7

Start the journey on the career pathway by learning about themselves, what they like and dislike; their characteristics and preferences.  
Make a list of workplaces and options that they might like to support  
Start their careers passport  
Have an aspiration for this year, next year and long term

Stand for Careers at Parents events  
Annual parental survey  
Annual student survey

#### Year 11

Mentoring through school to complete next stages  
Make applications  
Complete skills audit  
University visits and Higher Education  
Colleges with University centre visits

#### Year 10

Careers interviews  
Careers fair visits  
Visits from apprenticeships  
Work placements  
Mock Interviews  
Participate in Leeds Manufacturing alliance week/ STEM week/ Careers Week

#### Year 9

Have an initial careers conversation or interview, participate in apprenticeship week, start to produce their own mock CV  
Develop a skills profile for their post 16 steps and an action plan for years 10 and 11  
Amazing apprenticeships and T levels  
STEM experience

#### Year 8

Presentations about alternatives to A Levels and university  
Experience apprenticeships by school visits, speakers and external partners  
University visits

#### Year 7

Workplace visit and response  
Produce a career profile for their steps ahead  
Information about their local area; list jobs that they have never encountered and attend a work place that they have never encountered  
Buzz quiz profile

Inspiring and preparing young people for the world of work.
